FORWARD

Women and Child Development Department is happy to collaborate and release the Maharashtra resource directory post-pandemic presents an opportunity to demonstrate our commitment to the well-being and empowerment of women in Maharashtra. I am confident that with your continued support, this initiative will serve as a beacon of hope and assistance for women across our state.

To ensure the success and relevance of this initiative, it is recommended that the release of the Women resource directory be undertaken with an inclusive approach. Encouraging participation from diverse voices, including women from various socio-economic backgrounds, ethnicities, and communities, will contribute to a more comprehensive and representative resource.

This directory with newly updated numbers has over 450 relevant contact numbers across Maharashtra that has been compiled as a resource pool to respond to cases of violence against women. The numbers are to support the control rooms to guide the survivors to right service providers whenever required and make it convenient to share with the survivors and their acquaintances.

I am sincerely hoping that the release of Maharashtra resource directory, will serve as an initiative that will hold the potential to provide invaluable support to all the women in crisis.

(ADITI VARDA SUNIL TATKARE)

INTRODUCTION

This Resource Directory aims to facilitate easy access for women, police personnel, NGOs, and members of the public or state systems seeking assistance in cases of gender-based violence. The initial edition was printed during the Covid-19 lockdown, featuring contact details for over 450 service providers. Physical copies were distributed to Maharashtra Police control rooms for quick reference.

We have revisited and updated this Resource Directory and are pleased to reintroduce it for your easy referral.

This directory includes the contact details for:

Special Cells for Women & Children social workers placed within Police offices, under DWCD Scheme;

One-Stop Centres - team of personnel located in or near Government

Hospitals, under MUWCD Scheme, who can offer short term shelter & medico legal help for violence survivors;

Protection Officers - appointed by DWCD at District & Taluka Headquarters, to help women secure civil reliefs (like orders for protection, residence, maintenance, compensation, custody etc.) under the Protection of Women from Domestic Violence Act

State & non-Governmental Shelter Homes as operated by women's groups & NGOs, for longer-term accommodation of women rendered homeless by violence.

This is a collaborative effort by

Special Cell of Women and Children and Akshara Centre in collaboration with Women and Child Welfare Department.

This booklet is produced by Akshara Centre and this information is also available on the website: www.standupagainstviolence.org

ABOUT SPECIAL CELL

The Special Cell is an effort aimed at eliminating violence against women. It is a service provided to violated women by trained social workers, located in the police system with a clear understanding that VAW is a crime and that it is the responsibility of the State to prevent and counter it. This aims to lead to a more coordinated, coherent and in-depth response to the issue by integrating social services within the police system. The First Special Cell for Women and Children was established in 1984 as a strategic collaboration between Maharashtra state police and the Tata Institute of Social Sciences, since 2005, Special Cell is being operated as a scheme of the State Government- 'Police Station chya Aavaarat Mahila Samupdeshan Kendra' as a joint scheme of Women and Child Development Department and Home Department of the State of Maharashtra. Currently there are 144 sanctioned Special Cells in Maharashtra.

ABOUT AKSHARA CENTRE

Akshara runs a resource centre and has created important resources online- www.standupagainstviolence.org which provides information on various issues of violence against women and also has list of services that can be accessed all over India and especially in Maharashtra through the website and webapp. Akshara Centre builds communities of young women and men to become gender advocates, change makers and leaders for gender just world by using innovation, capacity-building, networking and technology. Through collective actions and advocacy, these youth along with Akshara work towards a Safe, Inclusive and Sustainable city and society.
